Empathy Map

SAYS

"Will my soil support a high-yield crop this season?"

"What are the exact fertilizer requirements for my land?"

"I hope my soil data is sufficient to get an accurate recommendation."

THINKS

"My current soil nutrient levels might affect the harvest."

"I want a quick and accurate crop recommendation before planting season starts."

"I wonder if my land profile meets the requirements for profitable crops."

PERSONA NAME

Farmer / Agricultural Worker (OptiCrop User)

• **DOES**

- Provides soil metrics (N, P, K, pH) and environmental data.
- Submits the data through the OptiCrop web application.
- Checks the recommended crop and uses the data to plan the harvest.

FEELS

Anxious about the unpredictability of the weather and crop yield.

- Hopeful about maximizing profits with the right crop choice.

- Frustrated if traditional farming methods fail or lack data-driven transparency.

-
